Chair and secretary: Everyone participated in leading and documenting the meeting.

Participants: Linus Lundgren, Emelie Edberg, Eugene Dvoryankov, Felix Edholm, Omar Sulaiman

#1 Objectives

Finishing touches

Start discussing the presentation

#2 Reports from previous meeting

Eugene: Edited Controller and View Package chapters in SDD.

Emelie: Made streak tab in bottom nav bar. Updated user stories in RAD. GUI pictures and description in RAD.

Omar: Finished working on animation on splash screen. Did also write more in SDD specifically in system architecture. ReadMe has a new look now too.

Linus: Finished streak ui and divided the model package section in the SDD into several subsections. Also wrote about streak in SDD.

Felix: Finished minor cosmetic changes in budget view and added clarifying text. Updated SDD: Quality and BudgetGrader chapter.

#3 Discussion items

Do we have any more final minor fixes?

How should we do the presentation?

#4 Outcomes and assignments

Presentation parts:

Eugene: View package

Emelie: Demonstration

Omar: Persistent data management, database, BudgetGrader, DatabaseManager, Search sort and filter.

Linus: MVC (System architecture), Controller package, FinancialTransaction, Category, Transaction- and CategoryModel, Observer handling, TransactionRequest and StreakCalculator.

Felix: Quality, known issues, STAN, PMD?

Other tasks:

Felix: Add some more known issues to SDD: Sorting done in model and not database. Arraylist<> instead of List<>.

Eugene: Model package UML.

Emelie: UI design and update images in RAD.
