Group: LEEFO

Date: 2021-10-04

Chair:

Participants: Linus Lundgren, Emelie Edberg, Eugene Dvoryankov, Felix Edholm, Omar Sulaiman

#1 Objectives
Discuss progress since last meeting.

Discuss SDD

#2 Reports from previous meeting
Emelie: Created the text fields for TotalIncome, TotalExpense and Balance in the view. Implemented the feature of choosing a month and made sure every part of the view updates based on the chosen time period. Moved some logic from the view to the model where it better belongs.

Felix: Finished initialization of TransactionModel in Controller. saveData() methods implemented in TransactionModel. Unit tests to be started today.

Linus: Completed my tasks from the previous meeting.

Omar: Finished working with the database and made all methods required.

Eugene: In ManageCategory if a category is clicked -> Edit Category Fragment opens. Improved Edit Category: added Income/Outcome RadioGroup, added delete button and changed the design. Added Delete Button in Transaction Fragment

#3 Discussion items

How should we divide the writing of the SDD?

#4 Outcomes and assignments
Change implementation of SharedViewData?

ModelObserver is not necessary since every time a new view is opened the data automatically updates. And everytime we need to update data in the view a new fragment is opened because of the layout of the application.

Link to SDD for viewing not editing: https://www.overleaf.com/read/vndrqswfrsvv

All files in the project, Java, XML etc. should have a header comment with Author, Responsibility, Uses, Used by etc.

SDD responsibilities:

Linus: System design chapter

Omar: System architecture chapter

Felix: Quality and Introduction chapter.

Eugene: References and Persistent management chapter.

Other assignments:

Felix: Finish unit tests for TransactionModel class.

Emelie: Change SharedViewData. JavaDoc

Linus: Update usage of LocalDate in TransactionModel.

#5 Wrap up
Next meeting wednesday 2021-10-06 10:00
